SUMMONING THE DEMON

Artificial intelligence and the ancient art of binding minds

COURAGE GARIKAI

SUMMONING THE DEMON

"The machine which learns, like the djinnee of the Arabian Nights, can give us the answer to our wishes — and the answer will be the letter of our wish, and not its spirit."

— after Norbert Wiener, God and Golem, Inc. (1964)

"I am in doubt as to whether I should not warn the reader that the following pages deal with matters he may find disturbing."

— the grimoires, passim
